**PRESCRIPTION DATA STATISTICS AS OF JANUARY 31, 2018**

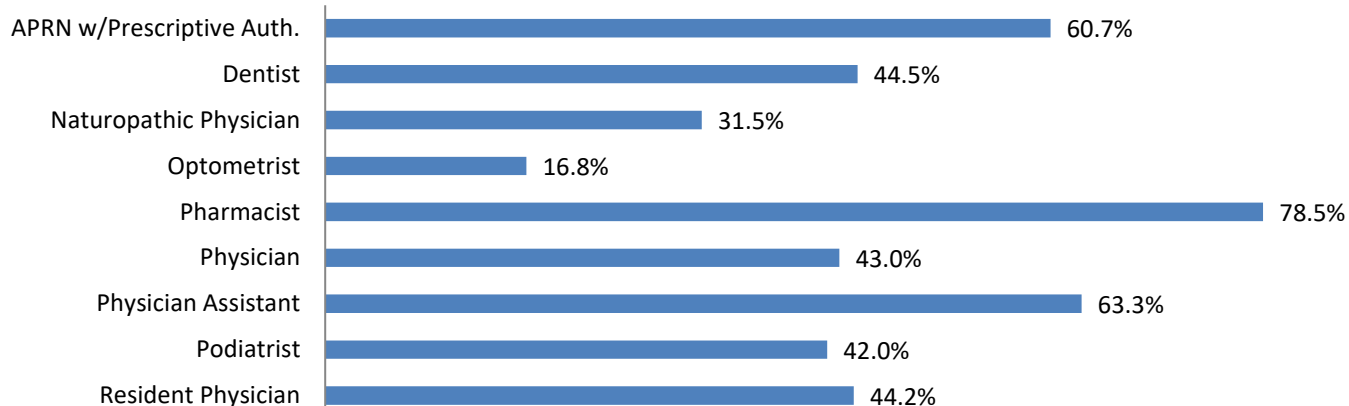

| Category   | Last 3 Years   | Comments   |
|--|----------------|--|
| Number of Licensed Pharmacies Required to Report | 626 this month | This is the number of active non-Institutional pharmacy licensees required to report to the MPDR. This does NOT include 340 pharmacies that were excused from submitting Zero Reports. |
| Total Number of Reports Uploaded                 | 189,443        |  |
| Total Number of Prescriptions In Database        | 5,893,514      |  |
| Total Number of Patients In Database             | 659,168        | Note that the system considers "Bob" and "Robert" to be two separate patients when they may be the same. Therefore, the number of actual patients in the database is somewhat lower.   |
| Date of last pharmacy compliance audit           |                | May 2018   |

**Definitions:**

Registered User: A pharmacist or prescriber (physician, dentist, etc.) who has completed all training and registration steps required for online access to the MPDR.

Supervisor or Supervising Provider: An MPDR Registered User who has created an online relationship that identifies one or more authorized agents (Delegates) who may access the MPDR on behalf of the Supervising Provider.

Delegate: An authorized agent of one or more Supervising Providers. In order to search MPDR, a Delegate must identify the Supervising Provider who authorizes each search.

Facility Account: A health care facility that has established an account allowing one or two individuals to create and manage all delegate relationships within the facility. Facility accounts provide streamlined relationship data entry when staffing changes occur.
